These turnovers occurred because a skill that your players should have was failed in a game situation.

#	Failed Skill	Drill

Wishful Thinking Turnovers

Turnovers are caused by a coach wanting his players to perform an action that they are just not capable of.

#	Unachievable Skill	Simplify It

Impact Formula

Average Offensive Conversion _____ = _____(number of scoring possessions) / _____(total possessions)
If you don't have access to this, your team shooting percentage can be a rough estimate.

How many of your charted turnovers can you get rid of? _____

Update the above conversion figure. How would this have changed the complexion of this game?
